

PLANNING FOR COSTS - ROAD TRIP BUDGET Be realistic, but consider needs vs. wants, and ways to save money:

i.e. pack meals and eat at picnic sites instead of restaurants, stay at camp sites instead of hotels (though camping supplies cost money, too - what do you already have?), research less expensive options

TRIP SUPPLIES - Costs

Check off any supplies you will need for this trip. If there are any you will need to purchase, total their costs and add to budget on front. (Consider sharing some items if possible with other travelers to save money)

Examples:
